

REGISTRATION FEE

RESEARCHERS/OTHERS - RM 100.00
STUDENTS - Free

METHODS OF PAYMENT

Participants may pay the workshop registration fees in one of the following ways:

Cash / Money Order / Postal Order / Bank Draft / Cheques / Electronic Fund Transfer to:

Account Number 80-0215196-3
Account Name KIRA-KIRA AM UPM
Bank Name CIMB BANK BERHAD
Country MALAYSIA
SWIFT Code CIMBMYKL
Bank Address UNIVERSITI PUTRA MALAYSIA
GROUND FLOOR, BLOCK B,
BANGUNAN PUSAT PELAJAR
43400 SERDANG, SELANGOR
(Universiti Putra Malaysia Branch)

Please state in the payment reference:

- a) Postgraduate Colloquium and Research Forum,
- b) Participant name

For UPM participant payment through vote transfer,
please make payment to:
Tabung Akaun Amanah (Vote 6233222)

UNIVERSITI PUTRA MALAYSIA- KASETSART UNIVERSITY POSTGRADUATE COLLOQUIUM AND RESEARCH FORUM

FOOD SECURITY SUSTAINABILITY
IN SOUTH EAST ASIA

14-15 AUGUST 2019
MINI AUDITORIUM 2, 3RD FLOOR,
TNCPI BUILDING, UPM
8.30 A.M - 5.00 P.M

Organiser

Supported by

In collaboration with

www.itafos.upm.edu.my

BACKGROUND

Malaysia Research University Network (MRUN) Research Grant was established based on the predetermined niche areas according to the selected universities known as Research Universities. The purpose of this grant is to broaden cooperation between local and overseas universities.

In this program, food security is a key area that is handed over by the Malaysian Government to Universiti Putra Malaysia (UPM) as a university that prioritizes agriculture as the core of research. Institute of Tropical Agriculture and Food Security (ITAFoS) is one of the research centers in UPM awarded by Ministry of Education Malaysia with Higher Institution Centre of Excellence (HICoE) status in tropical agriculture and food security-focused research. Kasetsart University (KU) has been identified as one of the collaborative partners with ITAFoS research group. KU is one of the reknown universities in Thailand, and an excellent agricultural research institution in Southeast Asia.

As such, this program will provide researchers and students from ITAFoS and KU with opportunities to:

- 1 Enhance collaborative research and internationalization
- 2 Encourage scientific discussion and knowledge exchange that will pave the way for future cooperation
- 3 Extend research opportunities between UPM and KU researchers and postgraduate students with other universities in the production of food crops, livestock and food security

COLLOQUIUM SCHEDULE

13 August 2019 (Tuesday)

- Arrival and registration of participants from KU

14 August 2019 (Wednesday)

- Welcoming ceremony and official opening by Prof. Dr. Zulkifli Idrus, DVC Research and Innovation, UPM
- Speech by Kasetsart University representatives
- Postgraduate colloquium
- Oral presentation

15 August 2019 (Thursday)

- UPM-KU research forum (for researchers)
- Tour to selected spot in UPM - Malay Heritage Museum, Edu-Park UPM and Putrajaya (for students)
- Closing ceremony

16 August 2019 (Friday)

- Departure of participants from KU

SCOPE

- Agronomy
- Animal Biotechnology
- Animal Nutrition
- Animal Physiology
- Animal Production
- Food Safety along Supply Chain
- Food Contamination
- Food Authenticity
- Food Security and Climate Change
- Microbial and Biotechnological Food Safety
- Chemical and Biochemical Food Safety
- Metabolomic, Proteomic and Genetomic
- Genetics and Plant Breeding
- Horticulture
- Microbial Biotechnology
- Pesticide Risk Management
- Plant Physiology
- Post-harvest Technology
- Soil Science
- Weed Science
